Here are bios for four 2019 WCE choirs. More bios will follow in the May eNews.

#### **Cantemus Children's Choir conducted by Dénes Szabó (Hungary)**

Founded in 1975 by Dénes Szabó, **Cantemus Children's Choir** has achieved the highest of standards in choral performance and has produced concerts in numerous countries in Europe and around the world (Australia, Canada, Japan, Korea, South America, and the USA). The success of the choir is grounded in the principles of the Kodály music teaching method. The choir's extensive repertoire ranges from Gregorian chant and Renaissance/Romantic periods to contemporary music. Some of their Hungarian repertoire is based on traditional folk music (including works by Bartók and Kodály), and some has been written especially with the Cantemus Children's Choir in mind by leading contemporary Hungarian composers. As such, the choir has become a standard bearer for both traditional and contemporary Hungarian music.

**Moran Choir conducted by Naomi Faran (Israel)**

**Moran Choir** was established in 1986 by Naomi Faran, Conductor and Musical Director. The vision of Moran Choir is to provide young children with choral education, musical training, and performance opportunities and to spread the love for choral singing throughout Israel and around the world. Additional goals focus on humanistic values which are expressed through combining the choir's musical excellence with community involvement. Projects include collaborations with diverse cultural minorities, children and adults with special needs, and young people with cancer. The choir's repertoire includes classical choral works as well as Israeli traditional Jewish music, original contemporary Israeli music, and folk music of diverse local and international ethnic groups.

**Credo Chamber Choir conducted by Bogdan Plish (Ukraine)**

Since its creation in 2002, **Credo Chamber Choir** has managed to attract the attention of a wide range of music fans and get rave reviews from the most influential musicians in Ukraine. Through the performance of sacred music, Credo Chamber Choir strives to achieve the highest artistic level of performance combined with the warmth and inspiration of sincere prayers. This approach results in the choir's own unique performing manner. Credo Chamber Choir cooperates with the most renowned composers of Ukraine and performs at the most prestigious concert halls in Kiev. The choir has toured in Russia, Poland, Slovakia, Germany, Italy, France, the Netherlands, Spain, Switzerland, Austria, and Hungary and has won prestigious awards such as the International Choral Competition of Tolosa (Spain) and the European Grand Prix of Arezzo (Italy).

**Ensemble Vocapella Limburg conducted by Tristan Meister (Germany)**

**Ensemble Vocapella Limburg** was founded in 2007 by former members of Limburg Cathedral Boys' Choir in Germany. Together with their conductor, Tristan Meister, these singers have committed themselves to the art of men's choral literature of all eras. The choir has established an excellent reputation and is frequently invited to give concerts at home and abroad. Concert tours have taken the singers to Asia, South America, and different parts of Europe. The ensemble has garnered first prizes at competitions such as the German Choir Competition (2014) and the International Choir Competition in Varna, Bulgaria (2016).

## **CONDUCTORS WITHOUT BORDERS**

### **UPDATE ON 2019 SESSIONS AND NEW CWB LOGO**

**Conductors Without Borders** (CWB) is one of the major projects of IFCM which deliberately embodies the mission of the federation. In a significant number of countries around the world, national choral associations have not yet developed the infrastructure to teach choral conducting throughout the country. CWB was created as a mutual, joint assistance program with the objective of training local conductors/instructors through the assistance of professional conductors from other countries who offer their skill and expertise. Since the inauguration of CWB in 2010, training sessions have been organized and continue to be offered in nine countries in Africa. In 2018 sessions began in Central and South America, and in 2019 CWB will be extended to South Asia Pacific and India. CWB is spreading throughout the world:

Africa: Togo, Senegal, RD Congo, Cameroon, Kenya, Ivory Coast, Benin, Gabon

America: Brazil, Venezuela, Argentina, Caribbean region

Asia: India, Myanmar

To commemorate this success, a new CWB logo has been designed with an image that more accurately represents the global aspect of the program.

It is important to remind IFCM members that the CWB international choral conducting instructors offer their services and expertise on a volunteer basis. However, their travel and accommodation do have a cost. Help Conductors Without Borders by donating to IFCM and renewing your IFCM membership. Become a fervent supporter of this extraordinary project that represents the very essence of IFCM's vision of "volunteers connecting our choral world"! [More info and CWB session reports](#)

## SUMMARY OF THE 2018 WORLD CHORAL DAY SURVEY

In 2018 we celebrated one of the most special editions of World Choral Day throughout the past 28 years. Thanks to the 100th anniversary of the ending of WWI in 2018, the timeframe of 2018 World Choral Day was extended for more than a month, something that never happened previously. In addition, the project was raised to another level in terms of communication & design. This marketing effort resulted in a record number of events registered and the most countries represented ever (view 2018 World Choral Day [Report](#)). In order to learn from the experiences of the last few years, a short survey was developed for choral singers, conductors, concert, and festival and event organizers. Within 20 days, several hundred individuals responded with their personal thoughts and feelings. This valuable feedback will assist in the successful preparation and delivery of upcoming World Choral Day celebrations.

We would like to take this opportunity to thank you everyone who completed the survey for your contribution!
