

Definition: Projects and Activities

Projects:

An enterprise with the following characteristics:

1. Time-limited
2. An approved budget
3. An approved action-plan for the project – including plan for communication when the project is in co-operation with parties outside the formal IFCM-leadership.
4. A contract between participating parties
5. Report
6. All projects should be presented to the ExCom for approval

Activities

1. On-going activities without a set time limit
2. Such activities may be initiated by the IFCM or organizations connected to the IFCM
3. All supported activities should further the main goals of the IFCM
4. Immaterial support from the IFCM is without a charge. More extensive support in form of advice or marketing will be billed in accordance with agreement between the parties.
5. When an enterprise defines as activity is not initiated by the IFCM, the IFCM has no economic or artistic responsibility
6. New activities must be accepted or cancelled by the ExCom
