WORLD SYMPOSIUM ON CHORAL MUSIC IN ISTANBUL (25-30 April 2023)

Here is the news that the IFCM community has been waiting for - the invited choirs for the WSCM 2023 Istanbul:

Estonian Philharmonic Chamber Choir (Estonia), **Batavia Madrigal Singers** (Indonesia), **Fayha National Choir** (Lebanon), **Georgia State University Singers** (USA), **Leioa Kantika Korala** (Spain), **Le Chant Sur La Lowé** (Gabon), **Orfeón San Juan Bautista** (Puerto Rico), **Sofia Vokalensemble** (Sweden), **Taipei Philharmonic Chamber Choir** (Taiwan), **Turkish State Choir** (Türkiye) and **Vancouver Youth Choir** (Canada).

Selected for their artistry as well as their concert programming's connection with the symposium's theme "Changing Horizons," each choir is an outstanding representation of its region and style. The IFCMeNEWS will feature all the WSCM 2023 choirs over the next few months. First to be highlighted are the professional choir, Estonian Philharmonic Chamber Choir, and the choir with the youngest singers, Leioa Kantika Korala.

Estonian Philharmonic Chamber Choir (EPCC), Estonia

The Estonian Philharmonic Chamber Choir (EPCC) is one of the best-known Estonian music ensembles in the world. The choir was founded in 1981 by Tõnu Kaljuste who was its artistic director and chief conductor for twenty years. Followed by collaborative leadership with Paul Hillier, Daniel Reuss, and Kaspars Putniņš, Tõnu Kaljuste has returned as artistic director and chief conduction as of this season. A lifelong guest at many respected music festivals around the world, the EPCC has a wide recording repertoire and is a two-time GRAMMY Award winner with an impressive total of 16 GRAMMY Award nominations. It is not surprising that *BBC Music Magazine* (2020) named the EPCC as one of the best 10 choirs in the world.

Leioa Kantika Korala, Spain

Leioa Kantika Korala, with its 50 young singers ages 11 to 20, was founded in 2000 at the Leioa Municipal Conservatory by conductor Basilio Astúlez. The conductor and choristers pride themselves in exploring the widest possible variety of styles and repertoires. They have performed in numerous international festivals and have toured the world over, winning many prestigious awards at competitions in Arezzo, Gorizia, Neerpelt, and Rimini.

Plan to be part of the incredibly exciting WSCM2023 in Istanbul, Türkiye. Registration for participants, exhibitors, and choirs will open shortly. Visit the WSCM Istanbul 2023 [website](#), [Facebook](#), and [Instagram](#)

WORLD CHORAL EXPO: YOUNG PROGRAM SURVEY

What they say about it

In the framework of World Choral EXPO 2022 (WCE), IFCM has created a program for young choral managers: *YOUNG Youth International Management Program*. Selected in May 2022 from a pool of 35 applicants, ten young managers attended pre-WCE roundtables and seminars during which they learned about the multiple and varied aspects of preparing and managing a cultural event. Here is what they say about this program:

Great opportunity to learn about event management at all possible levels.

It was a great honor to be part of it! I would recommend it to everyone who has ambitions to organize a choral event.

It was an amazing experience - both professionally and personally. It is a great opportunity for young people to widen their horizons, learn to work in an international team, and improve their skills. We made a great team and group of friends.

I think it is very useful and successful especially for attaining the goal of empowering the young generation to continue the success and development of managing cultural events. Very good

program. Maybe a wrap-up bonding day/activity would have also been nice. I did not expect that by the end of the two weeks, we would consider each other as family.

I think this program is a good opportunity for young managers to try themselves out in an internationally very broad team, to experience and gain cultural and organizational problem-solving skills outside the comfort zone of their own country.

It is a great program that offers opportunities to all cultural managers of all levels - from students to those who already worked in this sector and somehow this combination works very well.

I think it's very important to give the opportunity to young people who are studying or don't have much experience to be able to learn how to actually work on the field and also to help them know and show what they're capable of. I feel that a generational change is happening within the IFCM, so I believe it's important to meet and train different young people to be part of its future.

I think it's an excellent opportunity for young people to learn how to manage and work in a festival as a team. And, on the other hand, this program can be a great help for a festival.

Just amazing. Amazing idea, opportunity, experience, people.

There is no doubt that IFCM will continue the **YOUNG program**. Stay tuned for more details on the next session!

WORLD SYMPOSIUM ON CHORAL MUSIC 2026

Call for expressions of interest for countries, regions, and/or cities to host the WSCM 2026
IFCM welcomes expressions of interest to host the World Symposium on Choral Music to be held in 2026. National organizations, institutions, or consortia interested in hosting the WSCM 2026 should submit a document (.doc, .docx or .pdf) by **28 February 2023**, including the following details:

- Name of organization/institution
- Mailing address of organization/institution
- Website of organization/institution
- Full name of primary contact person
- Email address of primary contact person
- Brief description regarding previous experience the organization/institution has in hosting choral events
- Brief description regarding the available infrastructure (buildings, rooms, spaces).

Because planning such events years in advance and securing them with the necessary funds has become more challenging in the recent years, your submission does not need to provide detailed numbers and facts. At the same time, it should include realistic funding expectations. Please send your submission to office@ifcm.net before **28 February 2023**.

Your submission will be reviewed by the IFCM Board of Directors. Finalists will be able to meet the Board during the WSCM 2023 in Istanbul or after the event at the most convenient location for a deeper evaluation of the WSCM 2026 proposal.

WHY YOU SHOULD USE MUSICANET.ORG RATHER THAN GOOGLE !

Choral conductors sometimes ask this question. Decisive arguments abound!

Musica is infinitely better suited in searching for information related to choral repertoire as its database references the choral music 'score' and does not drown in all the other keywords which are included in comprehensive databases such as Google. This is because Musica is a 'structured' database. In this specialized database, a specific field exists for each category of information describing a score (composer, title, type of choir, number of voices, tonality, genre, style, form, instrumentation, liturgical use, etc.). The Musica database also provides access

to translations of the text, pronunciations, and videos of performances. All information in the database is collected and curated by specialists in choral singing.

There are many other reasons for using Musica! You will find them in this [article](#) comparing the Musica International database with Google or any other general search engine.

Important update for our Membership

The International Federation for Choral Music (IFCM) is a founding member of the Musica International association which aims to identify and reference, comprehensively and academically, the maximum in choral repertoire from around the world and of all styles and genres. This is why **IFCM offers its members privileged access** by going to the members section of www.ifcm.net.
